

## ELECTRONIC STATEMENTS (E-STATEMENTS)

Century Bank and Trust electronic statements (e-statements) are electronic copies of the activity made on your account over the last month. Typically, bank statements include personal information. Having account statements sent electronically to account users prevents the risk of compromised information through the mail and decreases the risk of identity theft. E-Statements are more conveniently accessible and delivered directly to the customer after the statement period has ended, rather than waiting for them to be delivered by mail.
