== ATTENTION: THIS EMAIL IS FROM OUTSIDE OF THE BANK. PROCEED WITH CAUTION ==

LET'S TALK PERSON-TO-PERSON (P2P) PAYMENTS!

What is a P2P Payment?

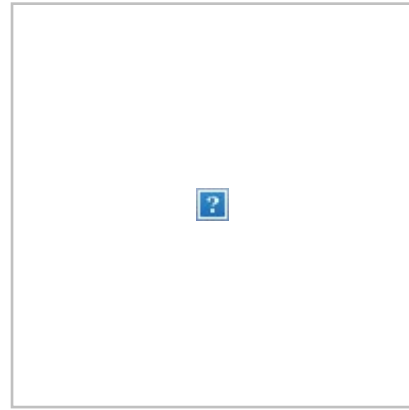

A person-to-person payment system is a way to digitally send or receive money without cash, physical card, or personal exchanges.

Century's compatible P2P services include Cash App, Venmo, PayPal, Mobile Wallets, and more!

WHAT ARE SCAMS TO LOOK OUT FOR?

BANK IMPERSONATIONS: It is important to know that Century Bank and Trust, nor any other financial institution will ask you to send money using a P2P payment service. **DO NOT** send the funds and report it to your local institution.

WORK FROM HOME JOB PAYMENTS: If you are hired virtually by a company, and they send you a check, asking you to send funds from the check using a P2P payment service, **DO NOT** send the funds. Take the check to your local financial institution to be verified, and they will deposit the check for you.

"ACCIDENTAL" FUND TRANSFERS: If a stranger sends you funds on a P2P payment service, **DO NOT** send them back. This is a way for hackers to obtain personal and account information. Instead, contact the service provider for the mistake, and they will fix it for you.

REMEMBER TO NEVER GIVE OUT ANY PERSONAL INFORMATION

PREVENTION TIPS

ACCOUNT ALERTS: This will alert the user whenever activity is posted to the account, allowing users to manage the account closely.

TWO-FACTOR AUTHENTICATION: Allows for the user to double verify access to the account before being able to enter to see the account information.

For questions about person-to-person services, scams, fraud, or your accounts, please visit your **local branch**, or call us at 866.680.2265.
